## **Woodbury County (Iowa) Region's Food & Farm Economy**

*Highlights of a presentation*

by Ken Meter, Crossroads Resource Center (Minneapolis) for the  
**Woodbury County Organic Growers' Conference**  
November 9, 2005

### **Woodbury County, Iowa:**

*Sioux City is the county seat.*

104,000 residents hold \$2.5 billion in annual purchasing power, and pay \$111 million in taxes.

### **The region's farm families**

1,148 farm families, average farm size: 385 acres.

- 1 % of Iowa farms acreage
- 6 % of state's irrigated farmland
- Among the top 20 counties in Iowa producing: soybeans, corn, turkeys, cattle & calves, vegetables, and popcorn.
- 7 % of state vegetable farms
- 0.3 % of Iowa's orchards
- 3 farms (less than 1 % of state) sell organic products, sales data unavailable
- 28 farms sell \$ 200,000 of food directly to consumers (300% increase from 1997 to 2002).

Region's farmers produce \$154 million of food per year (1998-2003 average), yet spend \$178 million to raise it, losing an average of \$24 million in production costs each year. This is a total loss of \$145 million over the last six years! 34 % of the region's farms suffered net losses in 2002. These losses are offset by an average of \$23 million of federal subsidies, and \$12 million of farm-related income, each year.

### **The region's consumers:**

The region's consumers spend \$203 million buying food each year, an estimated \$150 million of this from outside the region, while farmers lose \$24 million each year selling commodities. The household food market in Woodbury County is larger than the market for farm commodities.

### **Farm and food economy summary:**

Farmers lose \$24 million each year producing food commodities, and also spend \$55 million buying outside inputs, while consumers spend \$170 million buying food from outside. This is a total loss of \$250 million of potential wealth *each year*. This loss amounts to 138 % of the value of all food

*Highlights of "Finding Food in Woodbury County (Iowa)"*

commodities raised in the region, and 125 % of the value of all food purchased by the region's residents.

**Woodbury County (Iowa): markets for food**

	<i>millions</i>
Meats, poultry, fish, and eggs	\$ 27.7
Fruits & vegetables	19.2
Cereals and bakery products	17.1
Dairy products	12.6
"Other," incl. sweets, fats, & oils	38.5
